 Porto Velho, RO - Brazil

Objective

As a software developer, my focus is on professional growth and making a positive impact. I am committed to continuous improvement and delivering innovative and efficient solutions. I seek challenges that foster both my technical and leadership development, with the goal of eventually taking on strategic roles in team and project management.

Technical Skills

Programming Languages: PHP & Javascript

Frameworks: Laravel, Vue.js

Libraries: JQuery

Other Tools: Docker, Git/Github, Visual Studio Code, Pipefy, Trello, Figma

Databases: MySQL/MariaDB, MongoDB, Redis

Operational Systems: Ubuntu, Windows

Professional Experience

Junior Software Developer - Brasil Digital Telecom

(March 2024 - Currently)

- Collaborate with the development team to design and build new features and products for the company's proprietary ERP system. Provide training for interns and junior team members. Maintain the ERP servers and troubleshoot potential incidents and issues.

Relevant accomplishments:

- Led the development of an API that integrated external services with the ERP, enabling customer service process automation through AI, which reduced the initial workload for employees by an average of 50%.
- Created financial, operational, and management reports in various formats, enabling accurate and swift audits of business-related data.
- Implemented caching with Redis in critical application modules, reducing data query and page load response times by 50% or more.
- I introduced the use of pull requests, improving code review and collaboration among developers, and implemented screen prototyping with Figma, resulting in a more user-centered design process.

Tecnologies: PHP, Laravel, HTML, CSS, JavaScript, JQuery, MySQL/MariaDB, Git/Github, Redis, PHPUnit, Docker, Figma.

Assistant - Brasil Digital Telecom

(March 2023 - February 2024)

Intern - Brasil Digital Telecom

(November 2022 - February 2023)

Education

Software Engineering (Especialization)

In Course (Jan/2024 - Dec/2024)

Universidade Estácio de Sá

System Analysis and Develop. (Graduation)

Finished (Aug/2021 - Dec/2023)

Universidade Estácio de Sá

Courses

UX Design Professional Certificate - Google

(Finished Jul/2023)

Database Structures and Management with MySQL - Meta

(Finished Jul/2023)

Languages

- Portuguese (Native)
- English (C1)
- German (A1)
